

Interconnection cable for Freedom solution

- Freedom LED driver and Freedom Node MOLEX-MOLEX interconnection cable
- Available as 15 cm, 30 cm, 45 cm, 90 cm and 150 cm variants
- Required when building Freedom solution with Freedom LED driver and Freedom Node.
- Find more details at <https://helvarcomponents.com/luminaire-components/wireless-led-with-freedom/>

DIMENSIONS

MATERIALS AND CONDITIONS

Material Specifications

Cable	
Cable type	DIN VDE 0812
Insulating material	PVC
Conductor material	Copper
Flame retardant	Yes (acc. IEC60332-1-2)
Colour	White (RAL 9010)
Connector	
Connector type	35507-0400 MOLEX
Material	Polyester
Flammability retardant	Yes (94V-0 rating)

ORDER CODES

Helvar Components Model	Order code
Freedom cable 150 mm	5809000
Freedom cable 300 mm	5809100
Freedom cable 450 mm	5809200
Freedom cable 900 mm	5809300
Freedom cable 1500 mm	5809400

Operating & Storage Conditions

Insulation voltage rating	400 V
Operating temperature (fixed installation)	-40...+60 °C
Cable installation temperature	-5...+50 °C
